U. S. Department of Agriculture

EARLIRED

Earliest yellow peach, one half week before Cardinal. Round and attractive. Semi-free.

CARDINAL

Early yellow-fleshed peach for commercial planting. Large and of excellent quality.

MAYGOLD

Yellow peach of Dixired season that can be planted as far south as Florida.

CORONET

Earliest freestone. Yellow firm peach. Larger and better shipper than Dixigem

REDHAVEN

Reliable early peach for all states above extreme South. All purpose peach.

RANGER

Large, firm, yellow peach to follow Redhaven. Resistant to bacterial spot.

KEYSTONE

Large, yellow, round freestone ripening 3 weeks before Elberta. Highest quality.

REDGLOBE

Firm, high - colored yellow freestone for Halehaven season. Attractive red color.

SUNHAVEN

A bright red, yellow-fleshed peach which ripens 10 days before Redhaven. Uniformly round in shape with attractive color and good flavor.

LATE SUNHAVEN

New strain of Sunhaven, a few days later. Best peach to precede Redhaven and partly replace it. Should be a most profitable variety.

RICHHAVEN

At last a firm-fleshed, bright red peach to replace Halehaven. Large, almost round fruit with excellent qualities for shipping.

RIO OSO GEM

A large, high quality firm yellow peach to follow Elberta for the fresh fruit trade. Particularly valuable for trucking long distances. Semi-dwarf.

WASHINGTON

Promising new peach which ripens just before Southland. Outstanding in size, color and firmness.

SOUTHLAND

Large attractive freestone. A superior yellow peach and heavy producer. Adapted to entire South.

LORING

Best commercial peach for season ahead of Elberta. Large yellow freestone for all sections

SUNCREST

Now we have a large, firm, high quality, attractive peach an even week ahead of Elberta. (10c extra)

BLAKE

Brilliant red peach just before Elberta. Adapted to any part of the country.

REDSKIN

Best new peach for Elberta season. Firm, large and beautiful all-purpose variety.

JEFFERSON

New superior variety to follow Elberta a few days. Excellent color and quality.

AFTERGLOW

Large, well-colored yellow peach. Best late variety to follow Elberta. (10 days)

NEW VARIETIES: Commanche, Daroga, Earlihale, Fireball, Garnet, Goldenred, Magill October, Marcus, Merrill Fortyniner, Merrill Goldrush, Nemaguard, Regina and Southern Glow.
